

# You bring the vision, we'll provide the setting

## Facilities and support at your fingertips

The Digital Media Centre (DMC) offers a unique and exciting location for start up businesses wishing to develop and exploit the potential of digital technologies as well as for established businesses looking to be part of an active and growing creative and digital sector. Offering a number of flexible packages and services tailored to meet the demands of a successful business, the DMC is the number one location for creative and digital companies.

## State-of-the-art surroundings

The DMC is fully equipped to support your business – all you have to do is move in.

If you are a fledgling company or a subsidiary of an established business looking for a place to grow, the DMC has the cutting edge facilities you need, in a region buzzing with creative talent.
